-In the late \_\_\_\_\_s , there were two categories of people :

s\_\_\_\_\_ and a\_\_\_\_\_ (= land owners)

-There were a series of innovations in the \_\_\_\_\_ and in E\_\_\_\_\_ (» 1750-1900)

-New kinds of machines were created, **powered by** w\_\_\_\_\_, s\_\_\_\_\_ and c\_\_\_\_\_

New buildings were built : f\_\_\_\_\_

Mechanization began in the t\_\_\_\_\_ industry

Families **had to** \_\_\_\_\_ to industrial towns.

Two categories of people emerged : I\_\_\_\_\_ and W\_\_\_\_\_ (= *ouvriers*)

### Good points of the Industrial Revolution :

- F\_\_\_\_\_, c\_\_\_\_\_ and f\_\_\_\_\_ became more affordable (= cheaper)

- New transports emerged : l\_\_\_\_\_ and s\_\_\_\_\_ b\_\_\_\_\_ : manufactured goods could now be sold around the world.

- It created **jobs** and **wealth** (= *richesse*)

### Bad points :

- In industrial towns, there was a lot of p\_\_\_\_\_ (from coal-powered factories)

- People **had to** live in urban s\_\_\_\_\_ (= \_\_\_\_\_) because there wasn't enough housing

- Workers and children were e\_\_\_\_\_ because industrialists wanted to make more and more profits.

**Example in the USA** (New England): in the 1830s, a girl in the textile mills worked from \_\_\_\_\_ am to \_\_\_\_\_ pm and was paid only \_\_\_\_\_ a week !

People started to protest and asked for **regulations** and **laws** to p\_\_\_\_\_ children.
